

**\*\*\* Section R- Floral Culture \*\*\***

Chairperson: Judy Kelly

Judging: The Friday morning of the Fair

**Rules:**

- a) Entry Fee is 10% of prize money
- b) All entries must be received from 6 – 9 pm the Thursday prior to the Fair opening and be picked up Monday morning from 9am to 11am.
- c) All exhibits are open to amateur gardeners only.
- d) All plants must have been in the possession of the exhibitor for a minimum of three months to qualify as having been grown by the exhibitor.
- e) Do not use containers of value, as the Fair Board cannot be responsible for loss of containers.
- f) The use of Loosestrife is prohibited.
- g) All rules of the fair shall apply.

Hints for exhibitors:

- All exhibits should be attractively arranged.
- Use sturdy containers for tall flowers (i.e. Gladiolas).
- No pot should exceed 12” unless otherwise stated.
- Flowers to be shown with foliage wherever possible as points are given for foliage on the flower exhibited.
- Flowers should be as uniform as possible.
- Make sure to measure the diameter or height of the exhibit. (i.e. Blooms where applicable)
- The exhibit should contain the exact number of stems, blooms, flowers, or leaves specified.
- Grooming makes for a more attractive exhibit. Removal of wilted petals, chewed leaves, debris on or in the pot, pollen, or dust is advised.
- Do not leave seed heads on the exhibit.
- For taller stems and larger containers cedar may be used to hold the stems in place. The cedar used as a filler must not show above the container level.
- A bloom is an individual flower; one per stem.
- A stem is a plant structure carrying one or more flowers and or buds. If a bud is not open and not showing any colour it does not count as a bloom and it is a good idea to remove it.
- A spray is a portion of plant with numerous flowers.

**Read carefully the requirements for each class: i.e. if a specimen is to be 3 inches and under, it is advisable to measure the blooms; try to exhibit blooms of the same size.**

NB: Accessories may be used in Classes 22, 30, 35, & 38.

In the case of very tall flowers you may use stones, cedar, etc. but it must not show above the container level.

Class ..... Description

- 1) Sedum – 3 stalks, 3 different varieties, not to exceed 18” including the vase.
- 2) Bachelor’s Buttons - 3 stems, any variety.
